Techsquare

WATER LEVEL CONTROLLER MODEL- LED

Features

Dry Run Protection For Motor
* No Water In Sump
* Foot Valve Failure In Sump
No Over Flow
24 Hr Water
Less Scaling In Sensors
Low Power Consumption
Indication L.E.D.
* Over Head Tank Status
* Sump Status
* Water Fall Inside Tank
* Dry Run
Over Voltage Protection
Under Voltage Protection
Auto Fill When Mains V/G Regain

Applications

Residence
Industries
Swimming Pool
Apartments
Hotels

Dimension

150X190X60

Specification

Operating Temperature - 0°C to +85°C
Input voltage-180 To 230 A.C.
Operating Current - 100 m.A
